## To Whom It May Concern

I have known Andrew Baidon, competing with him on state and Australian teams for almost 15 years. Throughout my career as an Olympic swimmer, world record holder and Olympic gold medallist, I have grown to respect and admire Andrew as a person and for his abilities in the aquatic industry.

It is very rare to find someone with such an expansive knowledge of learn to swim and stroke correction, who can relay this to swimmers of all levels. We often talk about swimming and swimming programs together sharing ideas and philosophies on the correct way to teach swimming.

I have visited Andrew, his teachers, and his swimming program on numerous occasions and cannot recommend his staff and his programs highly enough.

Andrew Baidon's SUPERFISH Swim Schools swimming programs and teachers are of the highest standards, not only in Australia, but worldwide.

Kindest Regards

**Susie O'Neill**

OAM, Olympic gold medallist, world record holder
